Terms of offer:

This offer is valid for both new and existing clients. If you refer a new student, that new student must remain enrolled for a minimum of 6 months, and have their account paid in full to that date. The discount is equal to the monthly payment of the newly referred student. The discount will be applied to the final tuition payment in April 2013. The discount will only be applied if your account is paid in full for previous months. You can refer up to 2 new students and get a discount off the March and April 2013 Tuition payments. If the discount is greater than your monthly tuition payment, you will receive a refund of the additional amount.

If the newly referred student withdraws before the end of 6 months, or their account is not paid in full at that point, the discount will not be applied.
